

Dandelion Mosaics Workshop Price List

- Most workshops can be either 1 or two sessions. -
 - 1 session will involve gluing the mosaic pieces then I take the pieces away, grout them & deliver to you approx 1 week later
 - 2 sessions will involve the 1st session gluing the mosaic pieces then the 2nd session grouting and finishing
- All courses except the "make a mosaic Mirror" & Childrens Course you will use precut glass and ceramic - no cutting is needed
- This price list has been calculated based on the workshop being held in Norfolk. If you would like me to run a workshop outside of Norfolk please get in touch with me for prices
- I currently don't have a venue to run workshop from! I can run them from your own venue (wipeable tables and chairs are needed) or I can organise a venue local to an area of your choice. However, this would be at an additional cost
